\*Birth year obviously refers to Joshua's earthly life. He is, of course, eternally begotten of the Father.

\*\* But it didn't stick... happily!

~ These are anniversaries of Joshua's blessings of the two, not marriages

<sup>^</sup> Not an actual birth year. This is the year typically shown on their IDs and roughly corresponds to the age an angel appears to be. The angels' last names are the ones they use when attached to St. G's. They still use alternate last names when on assignments.
